Firefly meets Lord of the Rings in an epic fantasy adventure setting. It's been more than 200 years since the Myst Wars devastated the world. The dragons that once ruled the skies have vanished. Pirates and slavers roam the high seas, and an army of undead thralls and black armored mercenaries, led by a powerful Deathknight General, marches across the lands of the Flaness; killing all who will not swear fealty to the Arch-Lich, Kyshon. Skadi, a golden eyed barbarian woman, Tenji - a spear wielding witch warrior, and Leon D’Rouge - a rogue archer; awaken in the holding cells of a burning slave galleon adrift in the tropical waters of the Azure Sea; with no memories of their previous lives, or how they got captured. After freeing the ship from its cursed, undead crew, the three newfound friends rescue a rag-tag cadre of imprisoned pirates on a nearby island, and set off in search of their memories. On the journey that unfolds, the adventurers find themselves hunted by monsters and haunted by demons they cannot remember, and fighting to fulfill a prophesy they cannot escape. This is family friendly, "Flinch Free Fiction." Written to engage readers of all ages; young adults, RPG Gamers, science fiction fans, epic fantasy, dark fantasy, and heroic fantasy fans. Readers who enjoy fast paced action, detailed martial sequences, subtle humor, strong female leads, complex characters, and rich visual imagery will find this series to be time well spent.

The searing, visionary memoir of founding Black Panther Huey P. Newton, in a dazzling graphic package Tracing the birth of a revolutionary, Huey P. Newton's famous and oft-quoted autobiography is as much a manifesto as a portrait of the inner circle of America's Black Panther Party. From Newton's impoverished childhood on the streets of Oakland to his adolescence and struggles with the system, from his role in the Black Panthers to his solitary confinement in the Alameda County Jail, Revolutionary Suicide is unrepentant and thought-provoking in its portrayal of inspired radicalism. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. When teen witch Ivy MacTavish changes a lizard into her date for a Halloween dance, everything turns to chaos. And when no one is powerful enough to transform him back except Ivy, it sparks the rumor: Like father, like daughter. Ivy has heard it all before - that her father, who left when she was seven - was involved with the darkest of magic. Making the rumors worse, someone uses an evil spell book to bring back two of history's most nefarious killers. Ivy's got a simple plan to set things right: find the real dark spell caster, steal the book, and reverse the spell. No problem! But she'll have to deal with something more dangerous than murderous spirits that want her and her friends dead: the school's resident bad boy and hotter-than-brimstone demon, Nick Marcelli. Nick's offering Ivy more than his help with recovering the missing book - he's offering her a way to ditch her scaly reputation as a lizard-lover. Demons are about as hard to handle as black magic, and as Ivy soon discovers, it's going to take more than a lot of luck and a little charm if she wants to survive long enough to clear her status as a dark witch, get a warm-blooded boyfriend, and have her former date back to eating meal worms before the week's end. Thirty-year-old Bear considers his adoptive father, Reverend Clay, a hero until the older man falters. Clay is stabbed in a robbery and entrusts his son to assume his place on a high profile political junket. Bear is tricked out of his seat by a political hack; the jet explodes on takeoff with no survivors. Bear realizes that his father was behind the blast and uncovers the underbelly of the beast his father created: the New Century Zealots. No one yet realizes Bear is still alive until a domestic terrorism investigator turns up knowing that Bear is the missing man from the doomed jet. He blackmails Bear into teaming up to get evidence against his father. The elder Clay...
discovers his son is alive and conjures a plan for them to take over the unstable cult. Bear accuses Clay of stabbing himself to escape being a martyr. Clay realizes that Bear is now a liability. Michael English Bierwiler is a prolific Texas novelist. Lies that Kill the Soul (English), Mentiras que matan el alma (Spanish) and Mensonges qui tuent l’âme (French) mark the first time he has written a novel in three languages for simultaneous release. The Before Columbus Foundation 2018 Winner of the AMERICAN BOOK AWARD Tommy J. Curry’s provocative book The Man-Not is a justification for Black Male Studies. He posits that we should conceptualize the Black male as a victim, oppressed by his sex. The Man-Not, therefore, is a corrective of sorts, offering a concept of Black males that could challenge the existing accounts of Black men and boys desiring the power of white men who oppress them that has been proliferated throughout academic research across disciplines. Curry argues that Black men struggle with death and suicide, as well as abuse and rape, and their gendered existence deserves study and theorization. This book offers intellectual, historical, sociological, and psychological evidence that the analysis of patriarchy offered by mainstream feminism (including Black feminism) does not yet fully understand the role that homoeroticism, sexual violence, and vulnerability play in the deaths and lives of Black males. Curry challenges how we think of and perceive the conditions that actually affect all Black males. The unforgettable memoir of a woman at the front lines of the civil rights movement—a harrowing account of black life in the rural South and a powerful affirmation of one person’s ability to affect change. “Anne Moody’s autobiography is an eloquent, moving testimonial to her courage.”—Chicago Tribune Born to a poor couple who were tenant farmers on a plantation in Mississippi, Anne Moody lived through some of the most dangerous days of the pre-civil rights era in the South. The week before she began high school came the news of Emmett Till’s lynching. Before then, she had “known the fear of hunger, hell, and the Devil. But now there was . . . the fear of being killed just because I was black.” In that moment was born the passion for freedom and justice that would change her life. A straight-A student who realized her dream of going to college when she won a basketball scholarship, she finally dared to join the NAACP in her junior year. Through the NAACP and later through CORE and SNCC, she experienced firsthand the demonstrations and sit-ins that were the mainstay of the civil rights movement—and the arrests and jailings, the shotguns, fire hoses, police dogs, billy clubs, and deadly force that were used to destroy it. A deeply personal story but also a portrait of a turning point in our nation’s destiny, this autobiography lets us see history in the making, through the eyes of one of the footsoldiers in the civil rights movement. Praise for Coming of Age in Mississippi “A history of our time, seen from the bottom up, through the eyes of someone who decided for herself that things had to be changed . . . a timely reminder that we cannot now relax.”—Senator Edward Kennedy, The New York Times Book Review “Something is new here . . . rural southern black life begins to speak. It hits the page like a natural force, crude and undeniable and, against all principles of beauty, beautiful.”—The Nation “Engrossing, sensitive, beautiful . . . so candid, so honest, and so touching, as to make it virtually impossible to put down.”—San Francisco Sun-Reporter The aging President can’t think clearly. The free world hangs in the balance. It was 1994 when President Reagan announced his Alzheimer’s disease diagnosis. But what if the affliction had manifested years before, during the Cold War negotiations? Vine of the Soul explores the possibility of a sitting President becoming mentally incapable of performing his duties, and the strategies that covert government agencies would consider in such a predicament. The solution? An exotic hallucinogen from the Amazon known as ayahuasca. Given in low doses, the drug seemed to counteract the deleterious effects of Alzheimer’s disease. But Reagan was the “just say no” president—how could he be convinced to ingest an illegal drug? Vine of the Soul is an interplay of competing intelligence agencies and provides a fast paced tale of political values, pharmacology, rain forest ecology and the endless search for mind enhancing drugs. The synergy of the mysterious drug ayahuasca and the former President’s battle with Alzheimer’s disease create a fascinating study of American drug policies and the elusive search for artificial paradise. In addition, the involvement of a young family and their quest to cure their sick infant adds another dimension to the story line. A girl learns about different religions when she asks what will happen to her puppy’s soul. “For more than three decades, Ben & Jerry’s has been committed to an insanely ambitious three-part mission: not just making the world’s best ice cream but also supporting progressive causes and sharing its success with all stakeholders—employees, suppliers, distributors, customers, cows, everybody. Living up to these beliefs is fun when you’re doing it right, and it creates amazingly loyal customers, but it isn’t easy. This is the first book to tell the full, inside story of the inspiring rise, tragic mistakes, devastating fall, determined recovery, and ongoing renewal of one of the most iconic mission-driven companies in the world. No previous book has focused so intently on the challenges presented by
staying true to the mission as the business grew. No other book has explained how the company came
to be sold to Unilever, one of the world's biggest corporations. And none has described the
unprecedented contract Ben & Jerry's negotiated with Unilever to preserve the three-part mission or
the complex working relationship that has allowed the company to pursue that mission on a much
larger stage. Brad Edmondson tells the story with a journalist's eye for details, dramatic moments,
and memorable characters. Among the dozens of key figures Edmondson interviewed, his most
important source was Jeff Furman, who helped Ben and Jerry write their first business plan in 1978
and has stayed involved ever since, serving as chairman of the board since 2010. It's a funny, sad,
surprising, and ultimately hopeful story."--Publisher's description.Ancient feuds shift into uncertain alliances when murder threatens the secrecy of the supernatural world. Pushing papers at a werewolf sanctuary is the least appealing assignment Aviva could have wished for. It's the bottom rung of the career ladder for a vampire, a job that will leave her isolated from most of her kind as she watches over members of a species whose very existence threatens the secrecy of the supernatural world. Her only consolation is the promise of peace, quiet, and a chance to impress the elders over the course of an easy assignment. After all, the werewolves may be troublesome, but they've kept their own secrets for a century. But the situation at the sanctuary is not what she expected, and Aviva's hopes of easy success are quickly dashed. Age-old tensions between vampires and werewolves come to a head when a human in a nearby village is found brutally murdered and suspicion lands squarely on the sanctuary's supernatural inhabitants. When the pack leaders refuse to turn the killer in to face justice, Aviva knows her elders will do anything to keep their world safe from humans, even if it means wiping out the werewolves for good. With the help of a mistrustful female and a relentlessly tempting alpha male, it will be up to Aviva to overcome the instinctive hatred between their species and catch a murderer before the human world takes notice-and before the sanctuary turns into a battleground. "Gossip stings the soul!" Ms. Allen, the teacher in the preschool classroom can't keep her red rag from wagging against and stingering her students. As a therapist, I refused to join in on her wagging and stinging spree. Ultimately, I became her next red rag victim. In this book you will learn how to: - Focus your attention on your students' needs - Avoid office politics and gossip in public places - Set the standard for your school (classroom) In "The Wagging Red Rag: How Gossip Stings the Soul," Nicole Benoit-Roy shares her struggles as a red rag victim and how she overcame the stings of gossip through faith in her Lord, Jesus Christ. You can, too. A collection of poems and photos reflecting upon the journey taken when one steps outside of their walls, and opens up to what could be "We need to re-focus on leadership as a value important to our American republic. The book is a small effort in restarting the dialogue to stimulate the effort to produce more and better leadership on the ice and off. Strange things can happen on Midsummer Night. A funeral pyre can burn and a girl can slide through time. After that things just keep getting stranger for Roxy Hart. There are witch trials and ferrymen, corsets that pinch and young girls with dark secrets. Of course Roxy knows someone needs saving, but who, how and from what? Join Roxy Hart as she denies destiny, reallocates luck and sifts through lies to find a reality she never could have imagined. This book will help you to remember who you truly are, and to be your true, authentic self, in its entirety, to unlock the beautiful spirit and essence of you. You have a soul mission: it's time to wake up to it and fulfill your destiny and be everything you ever dreamed of being, your soul and spirit self really are, unafraid to shine in a world that all too often might seem might seek to undermine or limit you. You are filled with infinite possibilities and great gifts. Many of us are waking up from the illusion of fear, lower consciousness and vibration that we have been trapped in. Though times may be dark, the light can prevail and by holding on to our dreams and visions, we will emerge with a higher consciousness. We will shed all the restrictions of the past, and break the chains of the judgmental and fear-based systems which have ruled and limited our lives in so many ways, to take a jump and leap of faith and really be the full expression of our unique and special souls. "I really love this book. As soon as I started reading it, it felt like it was talking directly to my soul. I believe Sally is a gifted soul on a mission to genuinely help & empower people. It is a book I will treasure." "What a beautiful book; one that touches you and works on so many levels." "It doesn't matter where you are on your journey, in this book you will find something new, something to remind you of who and where you are, why you are following the path you have chosen and affirmation that you are not alone, the Universe is always supporting you. I found the book easy to read, to me the energy of the words just flow off the page, and hit the spot. Read it from cover to cover, dip in and out, the choice is yours and the book supports you in what ever way you wish to connect with it. Bursting with information and and workable ways to experiment and include in your spiritual practice. Sally has worked really hard to make this work appeal to as wider audience as possible and I feel she has pulled it off with a flourish. Well done Sally, when's the next

one?"  "I really love this book. As soon as I started reading it, it felt like it was talking directly to my soul and I felt curiously emotional. I believe Sally is a gifted soul on a mission to genuinely help & empower people. It is a book I will treasure & refer to when I am in need of uplifting"Freddy Funke's back in prison, but not for long. The feds want him to hunt down Lily, and Hollywood wants him to be a star. If they can bust him out, this one-time slacker-turned-criminal-mastermind will sign on the dotted line. Unfortunately for them, Freddy's tired of being told what to do. The new mayor has pledged to make Old Polly great again. Mr. Big Stuff is going to burn it to the ground. ~~~~~

Excerpt ~~~~~ The Man grabbed at Hierophant?s wrist and threw him into the grill of the Ford. Freddy shielded his face from the shards of the shattered windshield. Hierophant pried himself out of the hood. He jumped up onto the cab and ripped the pump and console off the velcro. ?It?s been fun swatting you around like a tee ball but I don?t think I can take much more. Weaving the plexus into this body was only a temporary patch, and I can feel the organs collapsing. He pressed the central button on the black console. The engine shivered assent and next to Freddy the thick belt on the passenger side spun the pickup motor to life. The barrels rotated. Hierophant pressed another button and they rotated so fast the metal squealed like a pig trapped in a helim abattoir. On the penthouse floor The Man lurched forward. The cannon squealed and shifted. ?Before you take another step,? said Hierophant. ?It?s only fair that you know what you?re up against. This, my invincible dearheart, is the General Electric GAU-8 Avenger. It fires a 30 millimeter round of depleted uranium, a four to one mix of PGU-14/B armor piercing incendiary and 13/B high explosive incendiary and it fires them at forty-two hundred per minute. I can only use it for a few seconds at a time though, as I?d ruin the barrels. Hierophant manipulated the console to aim the cannon at The Man?s helmet. ?I?m not sure if you?re familiar with pyrophoric artillery, Gordon, but the rod fractures on impact with a hard target to stay sharp. And then disintegrates into a very hot dust. You see, the Avenger is typically found on the United States Air Force?s Fairchild Republic A-10 Thunderbolt II. It kills tanks. Hierophant leaned over his knee. ?The Professor thought it was an expensive insurance plan. I didn?t. Hierophant?s face appeared in Freddy?s window. The blood from his lacerated lips ran down into his mashed nostrils. ?There?s a pair of ear muffs under the wheel that I suggest you wear. Also, the recoil force is about five tons so I?m going to need you to step on the gas and keep the pedal down at fifty miles per hour, give or take.? Freddy grabbed the ear muffs. ?Yeah, okay. ?What?? ?Yessir.? The ear muffs hardly helped. No sooner had Freddy slid the cups over his ears than the hydraulics screamed and the Avenger sneezed the wall down. The flash was so bright Freddy screamed aloud. He kicked at the accelerator when the Ford crashed out the back of the elevator cage and tried to bust through the opposite wall. The window frame, mahogany desk, carpet, edge of the floor disintegrated, and it may as well have happened to the ghosts of those things as they went to dust in the rapidly swelling smoke, and made no sound that could exist in the same world and hour as the cannon. Then the first five seconds of it were over and the Ford flew over the balcony towards Old Polly and her silent sky. He didn?t bother to scream this time, he just gripped the wheel tighter and slammed the accelerator down. The lights in the rain rose like shimmery stars in a galaxy friendly and vast. The tracks of car headlights and tail lights crisscrossed the backs of Old Polly?s rising towers, the wind singing in the rain, and he drove in free fall without a single car in his way. Hierophant plummeted past him. He flipped on his turn signal and steered the other way. A profound and in-depth dialog of Spirit-guided insights describing the nature of the soul essence and presenting imaginative, practical tools to transform human dramas. Addressing commonly asked questions, Opening a Window to the Soul presents a unique way to understand how the world operates, heal painful emotions, get along with difficult people, and clear unhealthy patterns. With potent examples from the author?s personal journey as well as client sessions, the messages are compassionate, enlightening and universally applicable. Topics include: the nature of the soul essence; whatâs between lives; soul memories, emotions, ego, and creative thought as aspects of the âEarth Suit; how past life experiences impact present time; the soul family as relating to childhood and karmic agreements; love relationships and soul mates; working with the Spirit team (soul family guides) and soul purpose. Words of a Soul is a re-mastered and extending version of Words of a Season published in 2013. This poetry book will plunge your emotions into icy dark depths and burn your heart with the fires of love. Hear the rose scream, become a bow untied and lose yourself in the passionate pain of others. May the words of my soul touch yours. Inner peace is finally within reach with Tami Shaikh's groundbreaking new book, Detox Your Soul. Do you often find yourself wishing to rid yourself of all the negative, harmful influences that often make life so difficult? Look no further than this new thirty-day program that helps you cleanse away your spiritual, mental, and emotional toxins and remove these relentless daily obstacles once and for all. Beginning with day one, you'll learn how to face your inner demons and build up your...
self-esteem. The strategies are designed to be incorporated into your daily life—no drastic changes to your routine are needed! Waking up just ten minutes earlier and going to bed just ten minutes later each day gives you all the time you need to see-and feel-a difference. Each of the thirty chapters provides a section for you to record your innermost thoughts, reflections on that day's exercises, and what you have achieved both physically and spiritually in the last twenty-four hours. By the end of the thirty-day program, you’ll feel more in tune with your spirit, mind, and emotions. Most importantly, you’ll have gained the tools to cleanse your soul for a lifetime to come. In 2155, being different could cost you your life. After surviving a terrorist attack on her home in Antarctica, Ionia travels deep into NAR Territory. She wants to get her new eye, figure out her feelings about her bot-boyfriend Den, learn to cope with her hell-cat mom, and maybe figure out her place in the world. But from the moment they arrive, Den is targeted and marked as a fleshie, a droid designed to appear human. And worse, her extended family has been keeping a deadly secret about her past which could make her a target as well. When Ionia and Den are separated, Ionia must risk everything to find and save him. Can Ionia escape the NAR territory without losing her love, her freedom and maybe even her humanity? Fans of Cinder, Divergent, and Configured will love this mysterious adventure tale of love, bravery, and sacrifice. Autobiographical in nature this book reveals the early adulthood of one of America’s most militant radicals, his disillusionment with what he thought were answers and his transformation into a Christian. Eldridge Cleaver was a complex man who inspired profound adulation, love, rage, and, among many, fear. Target Zero brings Cleaver's controversial story into focus through his own words. This books charts Cleaver's life through his writings: his quiet childhood, his youth spent in prison, his startling emergence as a Black Panther leader who became a “fugitive from justice” by the end of 1968, his seven-year exile, and his religious and political conversion following his return to the U.S. Target Zero, which brings together previously unpublished essays, short stories, letters, interviews, and poems, is the most significant collection of Eldridge Cleaver's writing since his bestselling book Soul on Ice (1968). We were going out stealing horses. That was what he said, standing at the door to the cabin where I was spending the summer with my father. I was fifteen. It was 1948 and one of the first days of July. Trond’s friend Jon often appeared at his doorstep with an adventure in mind for the two of them. But this morning was different. What began as a joy ride on “borrowed” horses ends with Jon falling into a strange trance of grief. Trond soon learns what befell Jon earlier that day—an incident that marks the beginning of a series of vital losses for both boys. Set in the easternmost region of Norway, Out Stealing Horses by Per Petterson begins with an ending. Sixty-seven-year-old Trond has settled into a rustic cabin in an isolated area to live the rest of his life with a quiet deliberation. A meeting with his only neighbor, however, forces him to reflect on that fateful summer. In a world without fear and without believe,
only the dead remember. A forgotten man rises from the grave after centuries of loneliness, embittered and hating. He begins a journey to fight the fire that destroys all, and the darkness it leaves behind. His fight is the only hope for humanity, and his journey through a barren world the only hope for himself. Tenebras Anima - The Darkness Of The Soul is Carsten Berg's debut novel and the first in the Tenebras Anima series.

Let your soul be inspired with the "Garden of Life" Adult Coloring Book. Inspirational Scripture and encouraging quotes are featured on each page through beautifully hand-drawn artwork. Be inspired as you spend time reflecting on scripture as well as enjoying the calming and refreshing benefits of coloring. Inside you'll find a variety of designs, including full page scripture designs, book marks and Bible Journaling templates, note cards and tags which can be used to create custom cards and gift tags. The uses are unlimited! When you're finished, hang or display your artwork for constant inspiration; or gift your new creation to encourage a friend or loved one. Includes Full Page Art, Gift Tags, Bookmarks & Cards to Color 8.5 x 11 Inch 50+ Designs Plus Blank pages for your own drawings. Find us online at www.SweetToTheSoul.com and on social media. We would love to see your Soul Inspired creations! So please share them on-line with us!

Long an iconic figure for radicals, Huey Newton is now being discovered by those interested in the history of America’s social movements. This new release of a classic collection of his writings and speeches traces the development of Newton’s personal and political thinking, as well as the radical changes that took place in the formative years of the Black Panther Party. More than just a historic record, Newton’s prescience and foresight make these documents strikingly pertinent today. Huey Newton was the founder, leader and chief theoretician of the Black Panther Party, and one of America’s most dynamic and important revolutionary philosophers. This collection of devotions was taken from GIRLS WALKING WITH INTEGRITY EMPOWERING FOR DESTINY (GWWI) to inspire and encourage you in your daily walk with Christ. I hope that you will enjoy reading these devotions as much as I have enjoyed writing them. May they continue to bring you life and uplift your spirit, as God gives you His peace that passes all understanding.

A hair-raising, revealing and humorous glimpse behind the public dispatches of one of Britain’s highest profile TV news journalists. More than 20 years ago, author Graham Greene told a then ambitious rookie journalist, Gavin Hewitt, that a foreign correspondent must learn to freeze his conscience, to put his 'soul on ice'. In this absorbing volume of autobiography, Hewitt - now one of BBC News' top correspondents - shares a personal journey of learning to see much, but feel little, of becoming emotionally immune until faced with a life-threatening crisis. It also describes how television news is made and what happens behind the camera. There are moments of extreme fear and moments of humour and friendship too. It is a career in which he has rubbed shoulders with world leaders, royalty, rock stars and the mafia, and found himself arrested, accused of spying and in an army boot camp. Gavin Hewitt offers a real insight into what world figures are like once the camera is turned off. He tells the stories he could tell friends, but could never broadcast. He describes his life in news. When a tragic fire takes the lives of her mother and grandmother, Danielle Lyndon is left alone with a 200-year-old bookstore in Greenville, Alabama. Facing what seems like an eternity of loneliness and abandonment, her life is inexorably altered late one night when a runaway teenage girl breaks into her store and Danielle receives a mysterious text message from her dead mother. The only person who can help her is Aaron Donnell, a reckless, tormented drifter with haunting silver-blue eyes who is searching for the burglar, his younger sister. Aaron somehow holds the answers to the mysterious texts, but he's arrogant, dangerous, and is clearly no good for her. The problem is . . . . she's falling in love with him. Consumed with Aaron's mysterious darkness and the prospect of locating the source of the texts, Danielle allows him to unwittingly drag her into an insane, mystical world where human trafficking is the usual, black magic reigns supreme, and inhuman power lasts forever.
