Java 2: The Complete Reference, Fifth Edition

This text looks at corporate finance, emphasising real world examples and gives an in-depth examination of real business decisions. Each chapter features revised problems to help readers understand what they have just read.

Solutions Manual to Accompany Brealey/Myers/Marcus

The Essential Guide to Telecommunications

This book is the most complete and up-to-date resource on Java from programming guru, Herb Schildt -- a must-have desk reference for every Java programmer.

Business Finance

There's no mystery to understanding company financial statements. Even if you have no financial or accounting background, you can read those intimidating-looking financial statements as easily as A-B-C. The second edition of The Guide to Understanding Financial Statements, by S.B. Costales and Geza Szurovy, makes all the numbers and jargon absolutely clear. In seconds you'll spot a company's strengths and weaknesses, see how its performance measures up, and have a solid basis for judging future prospects. The material is so easy to grasp, you'll know it all on first reading. Discover: what a balance sheet really reveals; the true significance of a profit and loss statement; what the six most important financial ratios are, and what each can tell you; how to tell when the numbers are favorable or not; how to spot fraud; how to discover whether the stated value of certain assets is true; much more.
Corporate Finance

The seventh edition of Essentials of Business Law retains all of the strengths of past editions but has been revised and enhanced to cover the latest developments in the legal field. This text will help you discover a wealth of information and learning opportunities that will give a clear understanding of business law topics. This text will also help to identify, explain, and apply the principles of business law in your daily lives and in the larger world in which you live.

Choosing Simplicity

For courses in small business management, entrepreneurship, new venture creation, and new venture management, this title provides a useful tool for the next generation of entrepreneurs. It aims to enable students to master the most essential and critical issues involved in starting and managing a successful new business venture.

Cost-Benefit Analysis

Every day, business people bore listeners with presentations that ramble on, make no clear points, and fail to address the audiences’ key concerns. This book lays out a plan for ridding the world of lousy presentations. Learn how to: • Create “rifle shot” presentations that hit the mark and satisfy listeners. • Answer questions in a way that inspires confidence. • Deliver messages in a style that makes you look and sound like a leader. • Overcome fear of public speaking.

Financial Analysis with Microsoft Excel 2016, 8E

Corporate Finance Foundations
Test your knowledge along the way with hundreds of practice questions. Modern Financial Management

The integrated solutions for Ross’s Essentials of Corporate Finance have been specifically designed to help improve student performance, meaning that students are prepared for and engaged in class, and they can successfully solve problems and analyze the results. McGraw-Hill’s adaptive learning component, LearnSmart, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within Connect Plus help students solve financial problems and apply what they've learned. Ross Essentials’s succinct coverage, managerial focus, and strong end-of-chapter content combine with a complete digital solution to help your students achieve higher outcomes in the course.

Loose Leaf for Corporate Finance

Covering the latest trends and technology changes, this is the fully updated and revised bestselling guide to telecommunications for the nontechnical professional. Includes sections on convergence, globalization, speech recognition, and 3G cellular networks.

Operations Management in the Supply Chain

Principles of Corporate Finance is the worldwide leading text that describes the theory and practice of corporate finance. Throughout the book, the authors show how managers use financial theory to solve practical problems and as a way to respond to change by showing not just how, but why companies and management act as they do. This text is a valued reference for thousands of practicing financial managers. The Tenth Edition has been rewritten, refreshed, and fully updated to reflect the recent financial crisis and is now accompanied by Connect Finance, an exciting new homework management system.

Corporate Finance: A Focused Approach

The Seventh Edition of this nursing-focused nutrition text has been updated to reflect the latest evidence-based practice and nutrition recommendations. Written in a user-friendly style, the text emphasizes what the nurse really needs to know in practice. Maintaining its nursing process focus and emphasis on patient teaching, this edition includes features to help readers integrate nutrition into nursing care such as sample Nursing Process tables, Case Studies in every chapter, and new Interactive Case Studies online. This is the tablet version which does not include access to the supplemental content mentioned in the text.

Introduction to Accounting

to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Business in Action, Global Edition

Corporate Finance

The sixth edition of Fundamentals of Corporate Finance continues its tradition of excellence ensuring the focus remains on key principles. To accommodate courses which include coverage across a wider range of topics, the authors provide additional chapters about Leasing, Mergers and Acquisitions online. Fundamentals of Corporate Finance strives to present the material in a way that makes it coherent and easy to understand. Finance Prep Courses allow students to view a video to refresh topics, and then answer questions to test their understanding. This product gives lecturers more time in class to cover finance topics, and ensures that students do not get left behind. In addition to providing students with relevant, realistic problem-solving tools, Fundamentals of Corporate Finance has the benefit of the most current and relevant research in finance.

Essential Reproduction provides an accessible account of the fundamentals of reproduction within the context of cutting-edge knowledge and examples of its application. The eighth edition of this internationally best-selling title provides a multidisciplinary approach integrating anatomy, physiology, genetics, behaviour, biochemistry, molecular biology and clinical science, to give thorough coverage of the study of mammalian reproduction. Key features: Contains discussion of the latest on conceptual, informational and applied aspects of reproduction New pedagogical features such as clinical case studies at the end of each chapter Better use of boxed material to improve separation of narrative text from ancillary information Highlighted key words for ease of reference relate to summary of key points Introduction now split into two sections Expanded content in Fetal challenges, and Society and reproduction Substantial rearrangement and updating in Making sperm, Controlling fertility, and Restoring fertility

CompTIA Security+ Study Guide

Merging theory and practice into a comprehensive, highly-anticipated text Corporate Finance continues its legacy as one of the most popular financial textbooks, with well-established content from adverse and highly respected author team. Unique in its features, this valuable text blends theory and
practice with a direct, succinct style and commonsense presentation. Readers will be introduced to concepts in a situational framework, followed by a detailed discussion of techniques and tools. This latest edition includes new information on venture finance and debt structuring, and has been updated throughout with the most recent statistical tables. The companion website provides statistics, graphs, charts, articles, computer models, and classroom tools, and the freemonthly newsletter keeps readers up to date on the latest happenings in the field. The authors have generously made themselves available for questions, promising an answer in seventy-two hours. Emphasizing how key concepts relate to real-world situations is what makes Corporate Finance a valuable reference with real relevance to the professional and student alike. Readers will gain insight into the methods and tools that shape the industry, allowing them to: Analyze investments with regard to hurdle rates, cash flows, side costs, and more Delve into the financing process and learn the tools and techniques of valuation Understand cash dividends and buybacks, spinoffs, and divestitures Explore the link between valuation and corporate finance As the global economy begins to recover, access to the most current information and statistics will be required. To remain relevant in the evolving financial environment, practitioners will need a deep understanding of the mechanisms at work. Corporate Finance provides the expert guidance and detailed explanations for those requiring a strong foundational knowledge, as well as more advanced corporate finance professionals.

**Essentials of Business Law and the Legal Environment**

This groundbreaking work goes beyond the books that tell you how to simplify your life. This book reveals what has happened in the lives of real people who have done it. Based on the author's three-year study of over 200 people from 40 states and eight countries, Choosing Simplicity is a delightful and rich blend of real-life profiles and guidelines on simplicity. Interwoven throughout the stories are the author's insights and guidance for those who want to explore simplicity and those who have already embarked on this journey. The book also includes a 16-page Resource Guide with reviews of 42 books on simplicity, information on related web sites, organizations, simplicity study circles, workshops, newsletters and magazines.

**International Corporate Finance**

Corporate Finance, by Ross, Westerfield, Jaffe, and Jordan emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The Twelfth Edition includes many exciting new research findings as well as the incorporation of the Tax Cuts and Jobs Act (TCJA) throughout the text. Connect is proven to deliver better results for students and instructors. Proven content integrates seamlessly with enhanced digital tools to create a personalized learning experience that provides students with precisely what they need, when they need it. With Connect, the educational possibilities are limitless.

**Loose Leaf Principles of Corporate Finance with Connect Plus**

This is the eBook of the printed book and may not include any media, website
access codes, or print supplements that may come packaged with the bound book. A practical introduction to cost-benefit analysis through problem solving. This authoritative, market-leading text is known for its consistent application of a nine-step framework for conducting or interpreting a cost-benefit analysis. This edition includes a number of chapters that have been revised and reorganized to make the material clearer and more accessible.

**Solutions Manual**

Essentials of Corporate Finance offers a focused choice for instructors teaching the fundamentals of value creation by offering a balance of intuitive conceptual understanding, problem solving and analysis, and decision making skills. Students who understand the intuition underlying the basic concepts of finance are better able to develop the critical judgments necessary to apply financial tools in real decision-making situations. Authors Bob Parrino, Tom Bates, and David Kidwell present a concise treatment of foundational topics while maintaining the same effective Learning by Doing pedagogy found in the successful Fundamentals edition. With WileyPLUS, students come to class prepared after working through Orion's adaptive learning module, develop problem solving skills with instant feedback on their work, and are guided through examples with Animated Learning by Doing.

**Essentials of Corporate Finance**

**Essentials of Corporate Finance**

**Essentials of Business Law**

Prepared by Bruce Swensen of Adelphi University, this resource contains solutions to the end-of-chapter problems for easy reference.

**Nutrition Essentials for Nursing Practice**

Now in its 8th edition, Business Finance is an essential introduction to financial decision making in businesses. Taking a user's perspective it explores the type of investments a business should make and how they should be financed, and successfully blends the theoretical, analytical and practical aspects of finance and investment. This new edition of Business Finance has a real-world flavour, exploring the theories surrounding financial decision making and relating these theories to what happens in the real world. This book is for undergraduates in accounting and finance and for those in finance and financial management courses. It is also appropriate for postgraduate students with an option in accounting and finance and will be highly useful for professional accounting students.

**Essentials of Corporate Finance**

**Solutions Manual Corporate Finance**

With the seventeenth edition of Financial and Managerial Accounting: The Basis for Business Decisions, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts. Hallmarks of the text – including the solid Accounting Cycle Presentation, relevant
pedagogy, and high quality, end-of-chapter material—have been updated throughout the book.

**Business Communication Essentials**

Corporate Finance, by Ross, Westerfield, and Jaffe is a popular textbook that emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. Brad Jordan, known for his successful work on the RWJ Fundamentals and Essentials books, contributed to this edition. His influence will be seen particularly in the writing style with smoother coverage of topics, and the increased quality in the problem material.

**Essentials of Entrepreneurship and Small Business Management**

**Essential Reproduction**
Fundamentals of Corporate Finance

The Solutions Manual, prepared by Bruce Swensen of Adelphi University, contains solutions to all end of chapter problems for easy reference.

Principles of Accounting Volume 1 - Financial Accounting

For courses in Introduction to Business An introduction to business text can be comprehensive without being overly complex and overwhelming—and this text proves it. Business in Action, Seventh Edition is uniquely positioned to help today's students become tomorrow's focused, highly productive business professionals. It is the only introduction to business text that emphasizes efficient, focused, objectives-driven learning in every aspect. Teaching and Learning Experiences Use a program that presents a better teaching and learning experience—for you and your students. * Use an objective-driven structure to help students learn and retain information: Every chapter is organized into six segments and paired with clear learning objectives to help students retain complex material. * Build skills, awareness, and insight with strong pedagogy tools: Reinforce key introductory business concepts with end-of-chapter materials, Behind the Scenes chapter-opening vignettes, critical thinking questions, and case studies.* Extend the value of your textbook with multimedia content: The unique Real-Time Updates system automatically provides weekly content updates, including interactive websites, podcasts, PowerPoint presentations, online videos, PDFs, and articles. MyBizLab(R) is not included. Students, if MyBizLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN. MyBizLab should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information. MyBizLab is an online homework, tutorial, and assessment product designed to personalize learning and improve results. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.

Financial & Managerial Accounting

Operations Management in the Supply Chain: Decisions and Cases is an ideal book for the instructor seeking a short text with cases. This book employs a cross-functional perspective that emphasizes strategy and critical thinking, appealing to non-majors and practical for use in an MBA level or undergraduate course in operations management. The size and focus of the book also make the text attractive for the cross-functional curriculum where students are required to purchase more than one text. The sixteen cases offer variety in length and rigor; and several are from Ivey, Stanford, and Darden. This mix makes the book appropriate for both undergraduates and MBA students.

15 Minutes Including Q and A

Business Communication Essentials offers you the opportunity to practise communication skills that will help you get jobs and be promoted in today's workplace. This text will introduce you to the fundamental principles of business communication, teach you a simple three-step writing process, provide insights into required job skills, and demonstrate effective strategies for the many types of communication challenges you'll face on the job. With a focus on 21st-century technology, you'll learn how today's companies are using blogs, social networks, podcasts, virtual worlds, and wikis.
Essentials of Health Care Finance

With the ongoing global economic crisis still taking full effect on today's society, International Corporate Finance 1e brings a fresh approach and perspective on present events. This text focuses on a key player in this financial world: multinational corporations (MNC). By applying general financial concepts and procedures, it explains the conduct of financial management in MNCs. Because most corporations are either directly or indirectly affected by multinational entities and have a global exposure, a study of MNCH financial management has broad applicability. This new text takes a quantitative approach with an emphasis on excel spreadsheets and current examples.

Essentials of Corporate Finance

Packed with reader-friendly illustrations, ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 12e uses a nontechnical presentation to help your students understand the dynamics of today's legal environment for business. Covering a broad variety of key subjects and emphasizing ethical decision making, the text presents all business law topics required for success on the CPA exam. Cases are carefully summarized and integrated in order to present both recent legal issues and landmark court decisions while minimizing legal jargon. Students learn to effectively apply legal reasoning to cases and legal issues using the Issue, Rule, Application and Conclusion (IRAC) method. In addition to new Going Global features that highlight the international aspects of legal issues, the 12th Edition also includes more than 30 recent cases, updated coverage of limited liability companies and suretyship, amendments to UCC Articles, SEC rules on social media, recent U.S. Supreme Court decisions, and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Corporate Finance

Corporate Finance, by Ross, Westerfield, Jaffe and Jordan was written to convey the most important corporate finance concepts and applications as a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes in this text. We took the best from RWJ Fundamentals and RWJ Corporate to create a book that fits an underserved need in the market. RWJJ Core Principles strikes a balance by introducing and covering the essentials, while leaving more specialized topics to follow-up courses. This text distills the subject of corporate finance down to its core, while also maintaining a deciding modern approach. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool.
